

Employment Opportunities

Heritage Christian School has a unique environment and truly believes in a faculty that functions as a family. We do require state certification or ACSI certification for teachers—we can help the right candidate receive this certification. We have found that Christian education works best when we seek those who share our values and have a natural teaching ability.

All teacher applicants should demonstrate the following:

- Classroom experience; teaching experience highly desirable.
- A passion for Christian education or a willingness to learn
- A love of children
- Organizational skills and aptitude for managing a classroom
- A personal love of learning
- Subject-matter expertise
- A strong Christian testimony and be committed to the Christian education vision.
- Agreement with the school's philosophy, mission, beliefs, and Statement of Faith.
- Actively involved in a local evangelical church and be recommended by pastor
